

CROW CAMS ULTIMATE RACE PUSHRODS

To meet the needs of serious race engine builders Crow Cams have released an extensive range of one piece pushrods made in 5/16 and 3/8 diameter 080" wall hardened chrome moly. The ends of these pushrods are extremely smooth and hard and being a one piece design will not work loose. Crow Cams pushrods are kept in stock in sizes shown in the following part number listings.

<i>Progressive Size Listing of Heavy Duty 5/16" Chromoly Pushrods with oil holes</i>
